Honeymoons & Anniversaries Call for CAVIAR!

We love celebrations at Kingsbrae Arms. And we love giving gifts. For honeymoons and anniversaries, there are always special touches.

And for 2012 there's something more. Our Caviar Indulgence!

Breviro Caviar provides one of the rarest osetra-style caviars in the world, produced from a sturgeon species that is sustainably raised here in New Brunswick. Chef Guillaume Delauné presents the indulgence in three parts alongside icy vodka or sparkling wine:

1. A delicate egg shell refilled with a mix of caviar, scrambled eggs, herbs & a touch of crème fraîche; plus
2. Tender blinis topped with a dollop of caviar and served with vodka lemon cream; plus
3. A velvety slice of his own house smoked Acipenser Brevirostrum sturgeon
